Mission

Our mission is to inspire in artistically talented students a lifelong passion for learning, empowering them to achieve academic and artistic excellence.

Admissions

Fort Worth Academy of Fine Arts (FWAFA) is an open-enrollment charter school specializing in fine arts as provided by Texas Education Code §12.1171 and as such will admit students with a desire to fulfill their artistic ability. Students in 3rd-6th grades will be exposed to all the arts in addition to the academic curriculum. For admission, these students will audition in two of the following artistic areas: Vocal Music, Dance, Theatre, or Visual Arts. Students in 7th and 8th grades will select two of the arts in which they want to study along with the required academic curriculum and must audition in two areas. High school students (9th-12th grades) will select one arts discipline in which to specialize their graduation plan in addition to the full academic curriculum and audition in one fine arts area.

FWAFA is a nonsectarian school and shall not discriminate in admission on the basis of sex, national origin, ethnicity, religion, disability, academic ability, athletic ability, or the district the child would otherwise attend. Students who have documented histories of a criminal offense, a juvenile court adjudication, or discipline problems under Subchapter A, Chapter 37 will be excluded from admission in accordance with Texas Education Code §12.111(a)(6)(A). This admissions policy will be revised as necessary to conform to the new Commissioner rules concerning the admission of students to open-enrollment charter schools.

Enrollment of Returning Students

Currently-enrolled students desiring to return for the following school year must file an “Intent to Return” form during the spring semester. If the form is not returned by the due date, the student will forfeit their spot at FWAFA. In order to re-enroll, the student will be required to re-apply and be selected through the audition process. It is the parent’s responsibility to ensure their child’s form is returned by the due date.

Admission of New Students

FWAFA will hold auditions to admit students for enrollment. Applications will be collected during the open enrollment period, which occurs during specific dates in January and February. All applicants will be assigned audition times and deadlines for consideration. All audition requirements and materials will be published on the campus website. Auditions and notifications will be completed by mid-March.

The President/CEO or designee will determine the number of available spaces for each grade level. Audition scores will be used to assign rank order for each grade level. Spaces will be filled in the order of grade-level ranking and those students will be invited to enroll, until all available spaces are filled. If the number of applicants exceeds the number of available openings, the remaining students will be placed on a wait list in ranked order. Individuals will be offered admission as space is available.

FWAFA will only accept admissions applications and schedule auditions outside of the open enrollment period if there are available openings at the prospective student's grade level and there is no existing wait list for that grade.

Communication Policy

Non-Urgent Communication

It is the responsibility of the guardian to provide at least one active email account, along with a current mailing address and phone number to be used for school communication. The guardian should immediately inform the front office staff of any changes during the school year. Fort Worth Academy of Fine Arts will primarily contact parents/guardians through approved district communication tool for non-urgent issues. Families are encouraged to check their email frequently for updates from their child's teachers and/or the FWAFA administrative staff.

Emergency Communication

The decision to close or delay the opening of school due to bad weather or other cause will be made as early as reasonably possible. In addition to alerting families through approved district communication tool, communication will also be posted on the website and social media accounts. Weather-related closures will also be reported on NBC 5 and ABC 8.

Fees

Fort Worth Academy of Fine Arts is a public charter school and, as such, does not charge tuition. Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his/her own classroom supplies such as pencils, paper, erasers, notebooks, and other consumable items, and may be required to pay certain other fees or deposits such as the costs for materials for a class project the student will keep, membership dues in voluntary clubs or student organizations, and fees to attend and/or participate in co-curricular or voluntary extracurricular activities.

Families are also financially responsible for purchasing the basic school uniform as well as dance, and P.E. attire, including shoes. All uniform pieces are available through Flynn O'Hara. See the Dress Code section for more information.

Fundraising

School and organization fundraising activities are conducted throughout the year. Participation is strictly voluntary. As a public charter school, Fort Worth Academy of Fine Arts receives less funding from the State of Texas than traditional public schools. Our organization receives more than \$1 million less than a comparably sized school. Fundraising is necessary to help decrease that shortfall and enhance our excellent academic and artistic programs.

Attendance

School Hours

School hours are the following: 3rd-6th: 7:45 am until 3:30 pm; Middle School & High School: 8:00am-3:45pm, Monday through Friday. Main office hours are from 7:30 am until 4:00 pm, Monday through Friday. Students may not arrive on campus before 7:20 am and must leave by 4:00 pm each day. Fort Worth Academy of Fine Arts assumes no liability for students on campus outside of school hours who are not in an authorized after-school activity.

Closed Campus

After arrival on school grounds, students may not leave campus at any time or for any reason without first signing out in the office. A student requesting to leave school during the day must be signed out by his/her parent/guardian in the school office. A student must have a legitimate (see Decisions on Absences) reason for arriving late or leaving early from school. Every parent/guardian **will** be requested to show picture identification to school personnel when signing out a child for any reason. If a student becomes ill and needs to be sent home, FWAFA will notify the student's parent/guardian.

Attendance Overview

In Texas, all children who are 6 years of age but have not yet reached their 19th birthday are required to attend school unless otherwise exempted by law. Upon enrollment in pre-kindergarten or kindergarten, a child shall attend school (Texas Education Code §25.085). A student under the age of 19 is required to attend school daily. Texas Education Code requires that a student attend school 90% of the days that a class is offered. If students do not meet this requirement, they may be denied credit and retained for the school year. The TCA+A Board has adopted the 90% policy and students attending FWAFA must be in attendance 90% of the required school days.

Under the Texas Education Code, any student who voluntarily attends school after his/her 18th birthday is required to attend each scheduled school day for the entire period of the instructional program for which the student is enrolled. However, if the person has more than five unexcused absences in a semester, the school may revoke the person's enrollment for the remainder of the school year. FWAFA reserves the right to enforce this statute should this situation arise.

If a student has absences beyond the required 90%, the Attendance Review Committee will develop a plan to make up the required time. This plan may include additional attendance on Saturday or after school. If a student does not complete this plan, credit will be denied for the semester/school year. Any student/parent/guardian may appeal the denial of credit.

For purposes of determining whether a student has been in attendance for 90% of the scheduled class time, all absences, both excused and unexcused, will be counted. Determination of the status of excused or unexcused absences shall be the responsibility of the school administration. Any absence, regardless of number, will be considered and dealt with on its own merit.

When a FWFA student incurs unexcused absences for three (3) or more days or parts of days within a four-week period, the school will send a notice to the student's parent, as required by law, to remind the parent that it is the parent's duty to monitor his or her child's attendance and to require the student to come to school. The notice will also inform the parent that the school will initiate truancy prevention measures and request a conference between school administrators and the parent. These measures will constitute a truant behavior improvement plan which may include school-based community service, referrals to either in-school or out-of-school counseling or other social services. Any other measures considered appropriate by the school may also be initiated. The Truancy Prevention Facilitator for the school is the campus Principal or designee. If you have questions about your student and the effect of his or her absences from school, please contact the Facilitator or any other campus administrator. A court of law may also impose penalties against a student's parent if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student is absent without excuse from school on ten (10) or more days or parts of days within a six-month period in the same school year. If a student ages 12 through 18 incurs unexcused absences on ten (10) or more days or parts of days within a six-month period in the same school year, the school, in most circumstances, will file a complaint in truancy court against the student. (Texas Education code §25.085 – §25.0915)

Attendance Review Committee

The Principal shall appoint an Attendance Review Committee to hear petitions for class credit by students who do not achieve the 90% minimum attendance and who do not complete the appropriate makeup plan. The Attendance Committee shall establish guidelines following Texas Education Agency protocols for evaluation of these petitions, and shall have the discretion to award class credit to students who have exceeded the maximum number of absences. Students/Parents may appeal negative decisions of the Attendance Committee to the Principal.

Absences

FWFA supports student success through regular attendance and will combine incentive programs to recognize good attendance with early intervention and prosecutorial enforcement of compulsory

attendance laws. A student absent from school or from any class without valid approval from administration will be considered unexcused and subject to disciplinary action.

A student not actually on campus at the time attendance is taken will be considered absent unless the student is temporarily absent due to an appointment with a healthcare professional. A note from the mental health or healthcare professional will be required in order to excuse this time period. The time missed should not exceed the duration of the appointment plus reasonable travel time.

Parents should email the Attendance Clerk at attendance@fwafa.org when the student is going to be absent and/or late to school.

Participation in School Performances and Activities

Any student absent from school will not participate in any after-school performances, rehearsals, or activities on that day without documentation of a medical appointment. Any student signing in to school after 10:00 am (without documentation of a medical appointment or an approved out-of-school performance) will be considered absent for that day and may not participate in after-school activities, including rehearsals and performances. Time missed for an out-of-school performance should be limited to the duration of the performance plus reasonable travel time. Students absent for an approved performance must return to school before the end of the school day in order to be eligible to participate in after-school rehearsals or performances.

Excused Absences

Students shall be excused for absences for the following reasons:

- Illness - After three (3) consecutive days missed, a doctor's note is required for return to school
- Family illness – A life threatening illness in the immediate family- Excused absence is subject to approval by the Principal
- Death in the family
- Pre-approved family obligation (e.g. funeral, wedding, sibling graduation) with consideration for reasonable travel time as approved by the Principal; documentation required
- Health Care Professional Appointment – Must have a note from the Health Care Professional upon returning to school. This includes appointments for mental health.
- Required appearance in court
- Documented/pre-approved performances with professional companies and fine arts organizations. Students must request approval a minimum of two weeks prior to the anticipated absence. The student/parent must inform teachers of the planned, approved absences and make arrangements for make-up work. **Students must be academically eligible and in good standing with attendance and discipline policies in order to be considered for an excused absence.** All decisions are at the discretion of the Principal.

Exemption from Class for Religious Holy Days

Students shall be excused for the purpose of observing religious holy days, including travel for that purpose, as long as the guardian submits a written request for the excused absence. Absences are subject to prior approval from the Principal.

Unexcused Absences

An unexcused absence is defined as missing all or part of a school day without parent/guardian and Principal permission. Attendance violations may affect promotion and/or class credit status, and/or student's standing in a performing group.

Documentation of Absence

Upon return to school, all absences must be documented through the office with a note from the parent or official documentation from a healthcare professional. All undocumented absences will be considered unexcused. Illness which results in more than three (3) consecutive days of absence should be documented by a healthcare professional. After excessive absences (missing more than nine (9) days in a semester) all additional absences will require documentation from a healthcare professional. Documentation should include name of student, date of absence, and reason for absence.

Decisions on Absences

The decision of determining excused or unexcused absences shall be the responsibility of the Principal. Any absence, regardless of the number, will be considered and dealt with on its own merit. Violations of attendance policies may result in disciplinary action and/or affect promotion or class credit status.

General Education Homebound Policies / Procedures

General Education Homebound (GEH) services are available for students with significant/severe medical conditions which do not allow students to attend school. In order for students to qualify for homebound services, documentation of need will be required in the Doctor's Eligibility Report completed by a licensed physician. All required information must be submitted and approved by the GEH Committee obtained before services may be rendered.

Any student who is served through the General Education Homebound (GEH) program must meet the following three criteria:

- Student is expected to be confined at home or a hospital bedside for a minimum of four consecutive weeks or is chronically ill and unable to attend school for any period of time totaling at least four weeks throughout the school year;
- Student will only be placed on GEH for medical reasons; and
- Medical reasons are documented by a physician licensed to practice in the United States.

Students served through General Education Homebound (GEH) at home/ hospital bedside must be served by a certified general education teacher.

General Education Homebound (GEH) Committee Roles and Responsibilities:

Committee Membership

Decisions regarding General Education Homebound Placement must be made by a designated campus committee. This committee will be comprised of, but not limited to, the following:

- Principal;
- Special Programs Representative (if applicable);
- Teachers of the student (minimum of 1);
- Parent/guardian of the student;
- Nurse or medical professional; and
- School counselor.

Role of Committee

The role of the GEH Committee is to review and consider the necessity of providing instruction to a general education student at home/hospital bedside. If instruction is provided at home/hospital bedside, the GEH Committee will determine the type(s) and amount of instruction to be provided. In making these decisions, the GEH Committee must consider the physician's information. However, the physician's information is not the sole determining factor in the Committee's decision making process.

The GEH Committee will require periodic updates from the physician in order to determine the need to continue services. Failure to supply this information will result in the revocation of homebound services and the return to normal attendance procedures.

GEH Committee Responsibilities

In qualifying a student for and serving a student through General Education Homebound, the following documentation requirement must be met:

- General Education Homebound Committee meeting notes which documents:
 - The Committee's decisions regarding whether or not a student is to be served through GEH;
 - The Committee's decisions regarding the type(s) and amount of instruction to be provided to the student, including the designated amount of time per week that instruction will be provided;
 - Documentation of the date(s) homebound instruction will start and end; and
 - The plan for the student's transition back to a school-based setting, including the length of the transition period determined by the GEH committee based on current medical information.
- Doctor's Eligibility Report: Verification of Need of Homebound Instruction

- This form is to be completed and signed by the student's physician. The document verifies the student has a medical condition which requires the student to be confined at home/ hospital bedside for a minimum of four consecutive weeks.
- Medical Release of Information to be signed by the parent/guardian.
 - This form allows school personnel to communicate directly with medical personnel about the student.
- General Education Homebound Services Parent Responsibilities:
 - This form is to be reviewed and signed by the parent. It clarifies parent responsibilities during the homebound placement.
- Teachers Homebound Instruction Log in Special Programs Database Software
 - This documents services provided and is necessary in order to generate funding for general education homebound services. This documentation is to be given to the PEIMS Coordinator/Special Programs Coordinator weekly for PEIMS reporting purposes.

GEH Funding Chart and PEIMS

In order for funding to be generated for general education homebound, services must be provided as follows:

General education students served at home will earn eligible days present based on the number of hours the student is served at home by a certified teacher each week. Use the following chart to calculate eligible days present as documented on the teachers homebound instruction log:

<u>Amount of Time Served per Week</u>	<u>Eligible Days Present Earned per Week</u>
● 1 hour	One day present
● 2 hours	Two days present
● 3 hours	Three days present
● 4 or more hours	Four days present (4-day week)
	Five days present (5-day week)

It is the homebound teacher's responsibility to calculate eligible days present and present this information to the attendance clerk on a weekly basis. This information is included on the teacher's homebound instruction logs.

Students transitioning back to a school-based setting may continue to generate funding based on the GEH funding chart during the transition period. ADA eligibility shifts back to the requirements of the 2-4 hour rule once the student has completed the transition period as determined by the GEH committee.

The GEH committee reserves the right to revoke homebound status if the original qualifying criteria have changed.

TCA+A After-School Opportunities

TCA+A Art Conservatory

Texas Art Conservatory offers intensive courses of study for students in grades 3-12, designed to develop foundations in technical visual art skills in both 2-D and 3-D media processes. During each year-long, afterschool course, students will create pieces which can be used to begin developing a personal portfolio. Each class will be taught by degreed instructors, who are active local artists with expertise in their art form. As courses are added to the program, Texas Art Conservatory will expand its curriculum, offering courses and workshops year-round and establish a progressing path for students to develop their skill and artistry.

With highly credentialed instructors, students will develop critical thinking skills, strengthen their hand-eye coordination, and increase their capacity to problem-solve and connect ideas. As a result of the progressing curriculum, participants will expand their abilities in nonverbal communication and fine motor skills, their ability to create and imagine, and their understanding of art history and

important artists. Classes are taught in a safe and supportive environment, nurturing students' natural abilities and building upon them.

TCA+A Dance Conservatory

Texas Dance Conservatory creates technically strong concert style dancers by providing rigorous instruction in high quality classes. Our disciplined training is designed to nurture the growth of young dancers in a fun, accessible and inclusive environment. Primary dance techniques include ballet, modern, and jazz. Classical ballet is the foundation upon which we build balanced training in other styles.

With a sound anatomical approach, dancers increase strength and ability while gaining body awareness and longevity in their dance practice. Through the combination of classical and contemporary studies in each class, versatility in technique is achieved and students build increased vocabulary and understanding of the art form.

Whether dancers have professional aspirations or are interested in recreation, they will feel at home in our collegial and safe environment while they exercise their talent and creativity.

TCA+A Music Conservatory

Texas Music Conservatory offers both ensemble and private music lessons for developing musicians in grades K-12. During each year-long, afterschool course, students will learn the fundamentals of music literacy, healthy vocal technique, and how to build a sense of self independence and collaboration with their peers. Our curriculum has foundations in Kodaly methods of solfege training and extended artistic training based on the National Core Art Standards and beyond.

Ensembles will be led under the direction of the Artistic Directors from the Texas Boys Choir and Singing Girls of Texas. Private lesson experiences offer students the opportunity for one on one feedback and skill development. Classes are taught in a safe and supportive environment, nurturing students' natural abilities and building upon them.

Other After-School Organizations

Other contracted after-school programs may be available on the Fort Worth Academy of Fine Arts or Texas School of the Arts campuses. Programs will be evaluated each year and all information will be communicated to parents by the Principal or designee.

Technology & Internet Use

Use of campus technology is a privilege and not a right. Because of the expense associated with acquiring this technology and the potential for damage to the equipment through misuse, Fort Worth Academy of Fine Arts has developed the following specific technology usage rules. Violation of any of the rules listed in this section may result in revocation of technology and/or Internet privileges and any other disciplinary consequences as may be deemed appropriate by the Principal:

- Students are prohibited from erasing, renaming, or making unusable anyone else's files.
- Students are prohibited from using someone else's password, e-mail account, impersonating another individual, or using any method of hiding or manipulating IP addresses.

The school day begins when the doors open at 7:20 am and end when the final release bell rings at 3:45pm. This extends beyond the teacher's classroom to other times of the day, e.g., lunch, etc. The school will not be liable for personally

owned devices brought on campus. Students utilizing personal communications as defined above will be subject to discipline.

Information created, sent, or received by email, the Internet or other means over the computers available to students and staff is the property of Fort Worth Academy of Fine Arts and may be accessed at any time by the school for its review. In the event that a review reveals that this policy has been violated or that a privilege of using a technology tool or the Internet is being abused, disciplinary action will be taken against the individual or individuals involved. The Principal may determine inappropriate use and deny, revoke, or suspend access to specific users.

Security on any devices is a high priority. If a student can identify a security problem within the network, the student must immediately notify a teacher or administrator.

- Students should not demonstrate the problem to other users.
- Students should not use another individual’s account, forge messages, or post anonymous messages.
- Attempts to login to any system as any other user may result in cancellation of user privileges.
- Using another user’s device under that user’s name will result in a consequence of an appropriate nature.

Any other form of unauthorized access to the FWAFA network will result in immediate cancellation of user privileges. This includes unauthorized use of the wireless network system.

Non-Compliance

Violators may be held responsible for reimbursement to the Fort Worth Academy of Fine Arts for all incurred expenses. In addition, non-compliance will result in disciplinary action as set forth in the Student Code of Conduct.

Faculty members will be notified of the student's loss of privileges. *Students will still be expected to complete assignments as assigned.*

Student Device Loan Agreement

Fort Worth Academy of Fine Arts is a 1 to 1 Chromebook organization in grades 7-12. Students in these grades will be issued a Chromebook at the beginning of the school year.

Fort Worth Academy of Fine Arts (“FWAFA”) provides devices to students to enhance their education. It is imperative that parents/guardians stress to their children how important it is to take good care of their issued device and to behave appropriately when interacting with others digitally. Certain rules are necessary to protect the device and the school network, and ensure that this technology serves as an effective instructional tool. By accepting possession of a FWAFA device, the student and their parents/guardians agree to the following responsibilities for the use and care of this device:

1. The student agrees to follow all FWAFA policies and regulations governing the use of devices, including, but not limited to, the Expectations for Responsible Device Use attached to this form, as well as the Student Handbook.
2. The device is the property of FWAFA. If a student withdraws from the school prior to the end of the loan period, the device must be returned to school officials by the student prior to withdrawal.
3. The student shall not remove or alter any FWAFA identification labels attached to or displayed on the device, nor shall the student change identification within the device, such as the device name.
4. The student agrees to keep the device secure and safe. The parents/guardians will assume the risk of loss by theft, destruction, or damage caused by intentional misuse. If, during the loan period, the device is damaged or returned with any accessories missing, FWAFA may charge the parent the lesser of the repair or the replacement cost.
5. The student must report theft (or suspected theft) of the device, loss of the device, damage to the device, or malfunctioning of the device to school personnel promptly and no later than 24 hours of the incident.
6. Upon request, the student agrees to deliver the device to FWAFA personnel for technical inspection, to verify inventory or other information, or for random screening.
7. The device cannot be loaned, sold, bartered, traded, leased, rented or given to any other person or persons without the express written consent of FWAFA.

The device is the property of Fort Worth Academy of Fine Arts and it may access, monitor, and archive my use of the device system, including my use of the internet, e-mail and downloaded material, without prior notice to me. Families and students accept the responsibility for damage to or loss of equipment while assigned to the student. Families and students understand that if the device or any

accessory is lost, damaged or stolen, the student and their parent/guardian is responsible for the repair or replacement cost. Students will report any damage to hardware or software immediately to designated school personnel and will return equipment promptly when requested.

FWAFA grants permission to the student to have limited use of the device described in this continuing agreement. The permission granted to the student ceases on the LAST CALENDAR DAY OF THE SCHOOL YEAR (unless terminated earlier by FWAFA) and failure to return the device and charger on or before that date to FWAFA personnel could result in billing for the unreturned item(s) and/or other legal proceedings against the student, the person in possession of the device, and/or their parents/guardians. FWAFA reserves the right to demand return of the device at any time.

Dress Code

Fort Worth Academy of Fine Arts (FWAFA) and its performing groups are uniformed organizations. The following provides general guidelines for all students; however, each performing group or artistic discipline may have more dress code standards. Students and their families are responsible for understanding and complying with the requirements of their chosen disciplines. **In addition to the school uniform, additional uniform items, luggage, costumes and accessories may be required depending on a student's performances and activities.**

The Dress Code is established to teach grooming and hygiene, prevent disruption, minimize safety hazards, and create a sense of equality and unity on our campus. Uniform compliance is a positive learning experience for students involved in professional training and will help individual students learn specific responsibilities. Once a student is enrolled in school, he/she should obtain the required uniform items through a FWAFA PTSO Resale or through:

Education Services

Multi-Tiered Systems of Supports (MTSS)

MTSS is a framework that helps educators provide academic and behavioral strategies for students with various needs. Within this framework, several programs work together to best serve every student. Data-based problem solving is used to take a comprehensive approach to educating the whole child by making systematic improvements across the campus.

For students having difficulty in the regular classroom, all school districts and open enrollment charter schools must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Multi-Tiered Systems of Supports (MTSS). The implementation of MTSS has the potential to have a positive impact on the ability of districts and charter schools to meet the needs of all struggling students.

Multi-Tiered Systems of Supports (MTSS) is a proactive approach to help all students. It is most often used for struggling learners, but may also be used to improve student behavior. Students are provided with interventions at increasing levels of intensity to meet their needs and progress is closely monitored by their classroom teacher(s) and MTSS Team. The amount of time each student spends in MTSS varies as each approach is personalized. The ultimate goal is student success and the MTSS Coordinator will work with other educational professionals as needed to provide additional testing and/or supports.

The Special Services program provides a comprehensive program for each student between the ages of three and twenty-one who has been identified as a student with a disability.

Special Education & Section 504 Services

Identified disabilities include vision and hearing impairments, speech impairments, physical, mental, or emotional disabilities, and learning disabilities. Homebound instruction is available for students who have serious medical conditions and are confined to home by a physician for a period of four weeks or more.

Specific guidelines and requirements are set by the state to determine a student's eligibility for services. Consideration of a student's need for special education services is initiated by a referral that may be made by the parents, a physician, a community agency, and/or school personnel. An ARD (Admission, Review, and Dismissal) Committee composed of administrators, teachers, parents, and others will meet to develop an Individual Education Plan (IEP) and determine placement.

Special Education Referrals

If a student is experiencing learning difficulties, his/her guardian may contact the school to learn about the school's overall general education referral or screening system for support services. A parent may request in writing an evaluation for Special Education or Section 504 services at any time. If a parent makes a written request for an initial evaluation for special education services, the school must respond no later than 15 school days after receiving the request. At that time, the district or charter school must give the parent a prior written notice of whether it agrees to or refuses to evaluate the student, along with a copy of the *Notice of Procedural Safeguards*. If the school district or charter school agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

Districts and charter schools must still comply with all federal prior written notice and procedural safeguard requirements and the requirements for identifying, locating, and evaluating children who are suspected of being a child with a disability and in need of special education.

If the district or charter school decides to evaluate the student, it must complete the student's initial evaluation and evaluation report no later than 45 school days from the day it receives a parent's written consent to evaluate the student. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45-school-day timeline. If a district or charter school receives a parent's consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30th due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district or charter school must give the parent a copy of the evaluation report at no cost.

Additional information regarding special education is available in a companion document titled *Parent's Guide to the Admission, Review, and Dismissal Process*.

Section 504 Referrals

Each school district or charter school must have standards and procedures in place for the evaluation and placement of students in the district's or charter school's Section 504 program. Districts and charter schools must also implement a system of procedural safeguards that includes notice, an opportunity for a parent or guardian to examine relevant records, an impartial hearing with an opportunity for participation by the parent or guardian and representation by counsel, and a review procedure.

Emergent Bilingual

A student identified as Emergent Bilingual (EB) may have services provided through the school. Students will enter the program and continue to demonstrate eligibility through the Texas English Language Proficiency Assessment System (TELPAS). The Language Proficiency Assessment Committee (LPAC) will meet multiple times each year to review and consider the classroom and testing needs of all English Learners.

FWAFA Gifted and Talented Grades 3-12

Definition of a Gifted and Talented Student

The Texas State Plan and Guidelines for the Education of Gifted and Talented students defines gifted and talented students as a child or youth who performs at or shows the potential for performing at a remarkably high level of accomplishment when compared to others of the same age, experience, or environment and who:

- Exhibits high performance capability in intellectual, creative, or artistic areas;
- Possesses an unusual capacity for leadership; or
- Excels in a specific academic field.

Our Philosophy and Program

FWAFA serves gifted and talented students in both artistic and academic areas.

Students who enter FWAFA are identified and served as artistically talented students. Through the arts, students are able to explore creativity and performance, as well as have an opportunity to respond and connect to professional and student works.

FWAFA instructional staff completed 30 hours of Professional Development on instructing Gifted and Talented Students and receive 6 or more update hours annually. Topics include the following:

- Nature and Needs of Gifted and Talented Students
- Identification and Assessment of Gifted and Talented Students

- Models of Differentiated Instruction
- Creativity and Critical Thinking
- Engaging Gifted Students by Adding Depth and Complexity

Students Who are Homeless (All Grade Levels)

A parent is encouraged to inform the District if his or her child is experiencing homelessness. District staff can share resources that may be able to assist families. For more information on services for students who are homeless, contact the McKinney-Vento liaison at 817-924-1482.

A Student Who Is Homeless

A student who is homeless will be provided flexibility regarding certain District provisions, including:

- Proof of residency requirements;
- Immunization requirements;
- Educational program placement (if the student is unable to provide previous academic records or misses an application deadline during a period of homelessness);
- Credit-by-examination opportunities at any point during the year (if the student enrolled in the District after the beginning of the school year), per State Board of Education (SBOE) rules;
- Assessment of the student's available records to determine transfer of credit for subjects and courses taken before the student's enrollment in the District;
- Awarding partial credit when a student passes only one half of a two-half course;
- Eligibility requirements for participation in extracurricular activities; and
- Graduation requirements.

Federal law allows a student who is homeless to remain enrolled in the "school of origin" or to enroll in a new school in the attendance area where the student is currently residing if circumstances prohibit enrollment in the school of origin.

The campus McKinney Vento Liaison can answer any questions families may have. If a student who is homeless in grade 11 or 12 transfers to another District but does not meet the graduation requirements of the receiving District, state law allows the student to request a diploma from the previous District if the student meets the criteria to graduate from the previous District. A student or parent who is dissatisfied by the District's eligibility, school selection, or enrollment decision may appeal through policy FNG(LOCAL). The District will expedite local timelines, when possible, for prompt dispute resolution.

Counseling Services

Academic Counseling

The school counselors will provide academic guidance to parents and students as needed. The counselor may work with the grade-level teacher(s) to develop a plan of success for students

struggling to meet academic or behavioral expectations. The counselors will also meet with students and parents as they prepare for the transition from high school to college or careers.

High School Grade Levels

High school students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures.

Each year, high school students will be provided information on anticipated course offerings for the next school year, how to make the most of academic and career and technical education (CTE) opportunities, and the importance of postsecondary education. The school counselor will also provide information each year a student is enrolled in high school regarding:

- The importance of postsecondary education
- The advantages of earning an endorsement and completing the foundation program with the distinguished level of achievement
- The disadvantages of pursuing a high school equivalency exam (GED) as opposed to earning a high school diploma
- Financial aid eligibility and how to apply for financial aid
- Automatic admission to state-funded Texas colleges and universities;
- Eligibility requirements for the TEXAS Grant
- Availability of District programs that allow students to earn college credit
- Availability of tuition and fee assistance for postsecondary education for students in foster care
- Availability of college credit awarded by institutions of higher education to veterans and military service members for military experience, education, and training.

Personal Counseling

The school counselors may also meet with individuals, small groups, classrooms, or full grade-levels as needed for a variety of social and/or emotional concerns. A student wishing to speak to the counselor individually during the school day may ask their teacher. Guardians may also request an individual counseling service for their child by emailing the counselor or calling the front office.

Curriculum

FWAFA students in grades 3rd-6th grade will take their primary four core classes (Math, Reading/Language Arts, Science, and Social Studies) and five fine arts classes to include dance, theatre, choir, visual art, and physical education.

Beginning in seventh grade, students take classes on a block schedule. Core classes include English, Science, Social Studies, and either on-level or accelerated Math. Middle school students will have the opportunity to take high school credit courses such as: Professional Communications, Lifetime Nutrition Wellness, CTE (Career Technical Education) electives, LOTE (Languages other than English), and Algebra 1. Unlike elementary students who receive a base in all the fine arts, middle schoolers may choose two fine arts in which to concentrate. Fine arts electives and audition-based programs for middle school include a variety of offerings for Choir, Theatre, Dance, and Visual Arts. Students should expect to perform and to display their work regularly. Middle school students will be scheduled a Physical Education course to include: dance, physical education, or musical theatre.

FWAFA’s High School students continue choosing Fine Arts and other electives, following their graduation requirements for their personalized endorsement, per the Texas Education Agency. Each year, students choose between two to four electives, a language other than English, four core academic classes and/or a PE credit. Each student’s schedule is individualized for the student’s interest and academic progress and is approved by the High School Counselor. Performance and production opportunities abound for each Fine Arts program. Choir concerts, dance concerts, musicals, plays, showcases, and art exhibitions are all a part of the school day and after school curriculum.

After students have completed their credits for PE and Languages Other Than English, they will complete additional elective credits of their choice each year, following their graduation plans.

Coursework Options at FWAFA

The high school program at FWAFA is college preparatory and the coursework has been selected to give our students the greatest number of options in postsecondary education or professional artistic training. Under our present curriculum initiative, all teachers are striving to teach with methods that supply an arts-enriched curriculum to our students in all courses. We have four different types of coursework as listed below.

- Standard Curriculum is developed from Texas Essential Knowledge and Skills (TEKS) in order to meet all standards for graduation.
- Honors Curriculum is developed from the TEKS and taught on a college preparatory level and considered advanced coursework by many colleges and universities.
- Advanced Placement Curriculum is developed from a combination of the TEKS and the required content for each specific Advanced Placement course as determined by College Board, the governing board for Advanced Placement (AP). AP is considered advanced coursework by most colleges and universities and students may earn college credit pending the results of their testing and policies of their chosen university.
- Dual Enrollment Curriculum is coursework taken through a college or university that meets graduation requirements for Texas. Students may earn high school credit, as well as, credit through the college or university. The transfer of credits is determined by the receiving university.

FWAFA offers these options in order to:

- Provide students with an arts-based program of study that will meet state graduation requirements and be rigorous enough to prepare them for work at the university and professional level.
- Offer coursework that meets the “advanced coursework” designation that colleges reward through admission.
- Offer coursework that may meet individual college requirements for the awarding of college credit. (Students must consult individual colleges and universities for specific requirements).

Parents and students can contact their student’s counselor and see the High School Course Planning Guide for more information.

State Assessment

State of Texas Assessments of Academic Readiness (STAAR)

STAAR is the state's testing program and is based on state curriculum standards in core subjects including reading, writing, mathematics, science, and social studies. STAAR tests are designed to measure what students are learning in each grade and whether or not they are ready for the next grade. The goal is to ensure that all students receive what they need to be academically successful. Students in 3rd-high school grades are required to take the State of Texas Assessments of Academic Readiness, or STAAR® in the spring for the grades and subjects listed below.

- Grades 3–8 Mathematics
- Grades 3–8 Reading Language Arts
- Grades 5 & 8 Science
- Grade 8 Social Studies
- EOC-Algebra I, English I, English II, Biology, & History

Every student who takes the STAAR test receives a STAAR Report Card that helps parents see where their child is doing well and where he or she may need extra help.

HB1416

Texas law requires all students who do not achieve approaches or higher on STAAR grades 3 through 8 or EOC assessments be provided accelerated instruction. These requirements, modified by House Bill 4545 of the 87th legislature and recently updated with the passage of House Bill 1416 in the 88th legislature, provide that qualifying students must be:

- Assigned a Teacher Incentive Allotment (TIA) designated teacher for the subsequent school year in the applicable subject area;

OR

- Provided supplemental instruction aligned with the research on high impact tutoring in the TEKS for the applicable grade levels and subject area in the following manner:
 - No less than 15 or 30 hours depending on student performance and is provided in the summer or at least once per week in the school year;
 - Limited to two subjects per year, prioritizing math and RLA;
 - Provided in a group of no more than four students, unless the parent or guardian of each student in the group authorizes a larger group;

- Designed to assist the student in achieving satisfactory performance in the applicable grade level and subject area and includes effective instructional materials designed for supplemental instruction;
- Provided by a person with training in the applicable instructional materials for the supplemental instruction and provided by one person for the entirety of their accelerated instruction.

Grading & Student Assessment

Grading Policy

- Law and policy require that FWAFA establish procedures to ensure that grades are reflections of essential knowledge and skills mastered.
- Grading must be as consistent as possible from teacher to teacher and from school to school to assure fairness.

Grading Components

Assignments, tests, projects, classroom activities, and other instructional activities shall be designed so that the student's performance indicates the level of mastery of the designated objectives. The student's mastery level shall be the major factor in determining the grade for a subject or course.

Teachers will assign a grade that reflects the student's mastery of an assignment.

When assigning items that are measured subjectively (i.e. student writing, discussions, projects, performances, presentations, etc.), including participation grades, grading rubrics shall be developed and provided to the student at the time the assignment is given.

Grading Guidelines

Teachers will assign a grade that reflects the student's mastery of an assignment. Every teacher must keep a record of grades and must submit grade information according to established deadlines for each reporting period.

Numerical grades earned indicate the following levels of achievement:

A - 90-100*	Excellent
B - 80-89	Good
C - 70-79	Satisfactory
F - Below	Failing

*No grade over 100 may be recorded on the report card or on the academic achievement record.

Guidelines for Make-Up Work Due to Absence

Regular attendance is an academically related factor that can affect the determination of a student's grade. Students shall be permitted to make up assignments and tests after absences.

Students shall receive credit for satisfactory make-up work after an excused absence. The LATE WORK POLICY shall be followed for any late work received after the extended deadline.

The major responsibility for making up work after an absence lies with the student. Upon return to school after an absence, the student shall be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher.

- **Grades 3-6**

Students will be given one day for each day absent to make up work for an excused absence. Any extenuating circumstances, e.g. extended illnesses or accident, may be given individual consideration by the administration.

- **Grades 7-12**

Students have one day for each day the class is offered to make up work for an excused absence with the following exceptions:

- Previously announced tests or work is due upon the student's return to school or specific class if on a block schedule. Any extenuating circumstances, e.g. extended illnesses or accident, may be given individual consideration.
- Students absent for school-related activities and approved onsite or offsite performances are expected to make up or turn in all previously assigned work on the day they return to school or specific class if on a block schedule. Teachers and sponsors of extra-curricular activities should make teachers aware in a timely manner of situations where students may be absent while representing the school. Students involved in approved off-site performances are responsible for notifying their teachers and getting assignments.
- Teachers may assign a late penalty to any make-up work turned in after the extended due date in accordance with our Late Work Policy.

Minimum Number of Grades

A sufficient number of grades should be taken to accurately reflect the progress of each student.

- **Grades 3-6**

- In grades 3-6, during each six weeks, there should be a minimum of 2 grades per week. All assignments are equally weighted.

- **Grades 7-12**

- In grades 7-12, teachers should take a minimum of 2 grades per week and at least 2 major grades per grading period.
- In grades 7-12, daily grades will be averaged and constitute 60 percent of a grade. Major grades which may include any combination of the following: unit tests, major skills tests, projects, research papers, performance assessments, etc. will constitute 40 percent of the grade.

Grade Reporting Periods

- A school year shall consist of six grading periods, three each semester.
- Assignments made in a particular grading period will be averaged that grading period unless designated clearly by the teacher when the assignment is given.
- Work received after the last day of the six weeks can only be used to remove from the record a missing assignment still within the make-up work policy caused by one or more absences.

Semester Averages

- **Grades 3-8**

The semester average should be the average of the first three or second three grading periods.

- **Grades 9-12 and any 7-8 grade student taking high school credits**

The semester average consists of the first three or second three grading periods and the semester exam.

- Ninety percent is the average of the two grading periods.
- Ten percent is the semester exam grade.
- All high school credit courses are required to have a comprehensive semester exam each semester. Students can be excused from taking a semester exam based upon campus guidelines set by the Campus Principal.

Late Work Policy

- **Grades 3-6**

An assignment turned in after the due date will have 10 points deducted for each class period it is late. Students who have missing assignments may be additional tutoring.

- **Grades 7-12**

An assignment turned in after the due date will have 10 points deducted for each class period that it is late. Students who have missing assignments may be assigned additional tutoring.

Reteaching Guidelines

- In grades 3-12, if a student fails (earns below 70) a test, the student has the option of attending tutoring, where a teacher will reteach the essential knowledge and skills not mastered.
- Students will then be given the opportunity to correct their test or retest in either the original or a rewritten format. If the retest grade is higher than the original grade, the original grade is changed and the retest grade is entered up to 70.
- Only students who attend tutoring will have the opportunity to improve their test grade.
- Assignments and other major grade corrections to a 70 are at the discretion of the teacher.
- Tutorials shall be provided for students desiring extra help in all subjects. Each ~~teacher~~ content area will offer tutorials two days a week either before or after school and communicate those days to parents and students.

Posting of Grades

Teachers are required to post grades in their grade book in a timely manner; therefore, grades must be posted every week (approximately ~~minimum of~~ 2 per week).

Homework

Homework may be assigned to students as an appropriate part of a lesson. The evaluation of homework shall be in a timely manner and used as a method to provide students with specific feedback on their performance of the assigned tasks. Homework should represent independent practice or independent study related to a concept taught through direct instruction. Homework could also include assignments not completed during the class period.

Homework should have value, result in a higher performance level on summative activities, and be included in the total grade to encourage students to complete work productively and on time.

Graduate Ranking

The numerical grade point average of each student will be computed using the high school grades the student has accumulated through the end of the 5th six-week grading period of the senior year.

The valedictorian and salutatorian shall be the students with the highest and second-highest grade point averages, respectively, as of the time of calculation. The time of calculation of such averages is at or near the end of the fifth (5th) six (6) weeks of their senior year, usually in April. Only students classified as seniors are eligible for these recognitions and such seniors must:

- Have attended FWAFA consecutively for six (6) semesters as of the time of the calculation;
- Have a minimum of twenty-six (26) credits upon graduation;
- Have completed the FWAFA Graduation Plan upon graduation; and
- Be in good standing, including without limitation, having no violation of the FWAFA Code of Conduct and under no disciplinary or criminal investigation.
- FWAFA does not rank beyond top 10% as designated by the state requirements.
- Students must be identified as a current 12th grader at the time, this does not include students in other grade levels graduating early.

The Texas Education Agency will recognize FWAFA's highest-ranking graduate each year with a certificate. State colleges and universities may issue tuition scholarships to the student recognized as the highest-ranking graduate.

Graduation

A student may graduate and receive a diploma only if the student successfully completes the curriculum requirements set forth by the State Board of Education and by Fort Worth Academy of Fine Arts. Unless otherwise exempted under Texas Education Code §39.027, a student must also pass the State-mandated secondary exit-level assessment instruments described in Texas Education Code §39.023. A student may re-take the assessment instrument if the student fails to perform satisfactorily. Alternatively, a student may receive a diploma upon successful completion of an individualized education program developed under Texas Education Code §29.005.

While every student who completes the required elements is entitled to a diploma, attendance and participation at the graduation ceremonies for FWAFA is a privilege and not a right. Students who are

subject to disciplinary action at the time of graduation may not be allowed to participate in the graduation ceremony, if the terms of the discipline so require.

Extracurricular Eligibility

FWAFA follows UIL eligibility guidelines. Student eligibility for participation in extracurricular activities and performances is affected by grade averages. Students who are failing a class at the end of the 6 week grading period are ineligible to participate in extracurricular activities or performances. At the 3-week progress report time a student may regain eligibility if they are passing all classes after a seven-day grace period. Three-week progress reports will not be used to withdraw a student's eligibility, only to restore it. A student receiving an incomplete (I) in a course is considered ineligible until the incomplete is replaced with a passing grade for that grading period.

All students are eligible to participate during the first grading period and during any school break that is one week or longer. FWAFA will use the following calendar for student eligibility to participate in extracurricular activities or performances

	End of Grading Period	Ineligibility Begins @ 3:45 PM	3 Week Progress Report Checked @3:45	Eligibility Regained

Accelerating Grade Level

A request to accelerate a grade will only be approved if there is an available spot for the student in the student's desired grade level. Pledges & Moment of Silence

State law requires a moment of silence following the pledges. Students may pray, meditate, or complete any other silent and still activity during this time. The state also requires a minute of silence each year in remembrance of those who lost their lives on September 11th, 2001.

Films in the Classroom

To be shown during class time, commercial films shall have been reviewed and pre-approved by the Principal.

Videos/Films shall be used in the schools for education purposes only. All rented or owned media shall be appropriately licensed for display in an instructional setting and shall not be shown to a class for entertainment purposes. The fair use exemption permits limited use of copyrighted materials in classroom situations. That exemption does not permit free use of copyrighted materials for extracurricular activities such as after-school programs. Video performances for reward or entertainment purposes require the purchase of a performance license from suppliers such as Movie Licensing USA. The performance shall be presented by instructors or students, occur in the course of face-to-face teaching activities, and take place in a classroom or similar place for instruction. It is recommended that teachers document each video performance in their lesson plans to indicate the correlation between the video and the current lesson in the prescribed curriculum. The subject of the video must align to a topic addressed in that grade level curriculum, and the topic is being taught during the time period of the video performance. Segments of movies rated “PG-13” referenced in the District’s curriculum may be shown to students who are in grade 6 or higher, with prior parental approval. Movie segments must be utilized in accordance with guidelines as specified in District administrative procedures. Movies rated “R” or “X” are strictly prohibited.

Exemption from Classroom Activity

Parents who have a religious objection to a classroom activity may request that their child be removed from the classroom while that activity is conducted. Parents may also object to their child’s participation when they feel that a class activity is controversial in nature for any reason. The FWFA Administration shall listen to the parent’s concern and attempt to reach an agreement regarding the child’s participation in the class activity that is being questioned.

Field Trips

Field trips should supplement and enrich classroom instruction by providing learning experiences in an environment outside the school, arouse new interests among students, help students relate school experiences to the reality of the world outside of school, bring the resources of the community—natural, artistic, industrial, commercial, governmental, educational—within the students’ learning experience, and afford students the opportunity to study real things and real processes in their actual environment.

All field trips must be approved by the Principal. Grade-level teams are encouraged to propose field trips as they relate to the Texas Essential Knowledge and Skills (TEKS). Teachers are responsible for planning field trips but may elicit parent help. Field trips are considered a privilege. Students who do not follow the Student Code of Conduct or are not in good academic standing may be denied this privilege. Students are subject to all school rules when on a field trip and are subject to disciplinary measures should inappropriate behavior occur.

These records may be transferred to other schools with or without parental or student consent as required by law.

Bacterial Meningitis

State law specifically requires the school to provide the following information:

- What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is most common and the least serious. Bacterial meningitis is the most common form of serious bacterial infection with the potential for serious, long-term complications. It is an uncommon disease, but requires urgent treatment with antibiotics to prevent permanent damage or death.

- What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms. Children (over 1 year old) and adults with meningitis may have a severe headache, high temperature, vomiting, sensitivity to bright lights, neck stiffness or joint pains, and drowsiness or confusion. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body. The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

- How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

- How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing, sharing drinking containers, utensils, or cigarettes). The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

- How can bacterial meningitis be prevented?

Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss. While there are vaccines for some other strains of bacterial meningitis, they are used only in special circumstances. These include when there is a disease outbreak in a community or for people traveling to a country where there is a high risk of getting the disease. Also, a vaccine is recommended by some groups for college students, particularly freshmen living in

dorms or residence halls. The vaccine is safe and effective (85–90 percent). It can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven (7) to ten (10) days after the vaccine is given and lasts for up to five years.

- What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

- Where can you get more information?

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine.

Additional information may also be found at the Web sites for the Centers for Disease Control and Prevention, <http://www.cdc.gov> , and the Department of State Health Services, <http://www.dshs.state.tx.us/>.

Communicable Disease

State law prohibits all public schools from allowing children with certain communicable diseases to attend school. Communicable diseases are those that may be passed directly or indirectly from one person to another. Common communicable diseases include, but are not limited to, common cold with fever, strep throat, ringworm of the scalp, pink eye, scabies, hepatitis, impetigo, mononucleosis, measles (initial outbreak), chickenpox (initial outbreak), Covid and whooping cough. The Texas Department of Health publishes a complete list of communicable diseases that may require a student to be excluded from attending school. A student may be readmitted to School when one of the following occurs:

- The School receives a medical clearance from the student's physician in writing;
- The School receives a readmission permit from the local Health District; or
- The guidelines published by the Texas Commissioner of Health show that the communicable disease in question (e.g., chickenpox) is no longer considered contagious.

Students running a fever or otherwise sick should not attend school. The student should be fever free for twenty-four (24) hours before returning to school. Students should consult with the instructor or director of any performance or rehearsal at the time of their illness.

Refer to the Texas Center for Arts & Academics website for the most up-to-date COVID-19 Health and Safety policies and procedures.

Lice

Head lice (*Pediculus humanus capitis*) infestations will not disrupt the education process. Students with detected lice will go home at the end of the day, be treated, and will return to class after appropriate treatment has begun. All household members and other close contacts will evidence of

an active infestation should also be treated. Nits may persist after treatment, but do not present risks to others. A head check may be performed by the school nurse or appropriate school official as needed. For more lice information, talk with the school nurse or visit CDC at:

<https://www.cdc.gov/parasites/lice/head/treatment.html>

Sexual harassment of a student by a School employee includes both welcome and unwelcome sexual advances; requests for sexual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature. Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

1. An employee of the recipient conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity; or
3. "Sexual assault" as defined in [20 U.S.C. 1092\(f\)\(6\)\(A\)\(v\)](#), "dating violence" as defined in [34 U.S.C. 12291\(a\)\(10\)](#), "domestic violence" as defined in [34 U.S.C. 12291\(a\)\(8\)](#), or "stalking" as defined in [34 U.S.C. 12291\(a\)\(30\)](#).

Romantic or inappropriate social relationships between students and School employees are prohibited. Any sexual relationship between a student and a School employee is always prohibited, even if consensual.

Sexual Harassment by Others

Sexual harassment of a student, including harassment committed by another student, includes unwelcome sexual advances; requests for sexual favors; or sexually motivated physical, verbal, or nonverbal conduct when the conduct is so severe, persistent, or pervasive that it:

1. Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
3. Otherwise adversely affects the student's educational opportunities.

Retaliation

The School prohibits retaliation against a student alleged to have experienced discrimination or harassment or another student who, in good faith, makes a report, serves as a witness, or otherwise participates in an investigation.

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a School investigation regarding discrimination or harassment is subject to appropriate discipline.

Prohibited Conduct

In this policy, the term "prohibited conduct" includes discrimination, harassment, and retaliation as defined by this policy and/or the Student and Parent Handbook, even if the behavior does not rise to the level of unlawful conduct.

Reporting Procedures

Any student who believes that he or she has experienced prohibited conduct or believes that another student has experienced prohibited conduct should immediately report the alleged acts to a teacher, counselor, principal, or the appropriate Compliance Coordinator listed in this policy.

Any School employee who suspects or receives notice that a student or group of students has or may have experienced prohibited conduct shall immediately notify the appropriate Compliance Coordinator listed in this policy, and take any other steps required by this policy.

Online Reporting

Remain alert to any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member, and promptly report any incidents to a District employee. A student may make anonymous reports about safety concerns by submitting an online report through Anonymous Alerts.

- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other District employees who are overseeing the welfare of students.

Definition of Compliance Coordinators

For the purposes of this policy, Compliance Coordinators are the Title IX Coordinator, the Special Programs Coordinator, and the Superintendent.

Title IX Coordinator

Reports of discrimination based on sex, including sexual harassment, may be directed to the Title IX coordinator. The School designates the Principal to coordinate its efforts to comply with Title IX of the Educational Amendments of 1972, as amended. The coordinator may be contacted through the school office.

Special Programs Coordinator

Reports of discrimination based on disability may be directed to the Special Programs Coordinator. The School designates the Special Programs to coordinate its efforts to comply with Title II of the Americans with Disabilities Act of 1990, as amended, which incorporates and expands upon the requirements of Section 504 of the Rehabilitation Act of 1973, as amended. The coordinator may be contacted through the school office.

The Principal shall serve as the Compliance Coordinator for purposes of the School's compliance with all other anti-discrimination laws.

Alternative Reporting Procedures

A student shall not be required to report prohibited conduct to the person alleged to have committed the conduct. Reports concerning prohibited conduct by the Title IX Coordinator or the Special Programs Coordinator may be directed to the Superintendent. Reports of prohibited conduct by the Superintendent may be made directly to the Board of Directors (the “Board”). If a report is made directly to the Board, the Board shall designate an appropriate person to conduct an investigation.

Timely Reporting

Reports of prohibited conduct shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to promptly report may impair the School’s ability to investigate and address the prohibited conduct.

Notice to Parents

The School shall promptly notify the parents of any student alleged to have experienced prohibited conduct by a School employee, another adult, or another student.

Investigation of the Report

The School may request, but shall not insist upon, a written report. If a report is made orally, the School official receiving the report shall reduce the report to written form. The receiving School official shall immediately notify the appropriate Compliance Coordinator of the report.

Upon receipt or notice of a report, the designated Compliance Coordinator shall determine whether the allegations, if proven, would constitute prohibited conduct as defined by this policy. If so, the Compliance Coordinator shall immediately authorize or undertake an investigation, regardless of whether a criminal or regulatory investigation regarding the same or similar allegations is pending.

If appropriate, the School shall promptly take interim action calculated to prevent prohibited conduct during the course of an investigation.

The investigation may be conducted by a Compliance Coordinator or designee, or by a third party designated by the School, such as an attorney. When appropriate, the Superintendent may be involved in or informed of the investigation.

The investigation may consist of personal interviews with the person making the report, the person against whom the report is filed, and others with knowledge of the circumstances surrounding the allegations. The investigation may also include analysis of other information or documents related to the allegations.

Concluding the Investigation

Absent extenuating circumstances, the investigation should be completed within fifteen (15) school business days from the date of the report. If the investigator determines that additional time is needed to complete a thorough investigation of the complaint and/or issue a report, he or she shall

inform the complainant in writing of the necessity to extend the time for investigating or responding and a specific date when the report will be issued. Notwithstanding, the School shall promptly take interim action calculated to prevent prohibited conduct during the entire course of the investigation. The Compliance Coordinator or designee shall prepare a written decision on the matter.

School Action

If the results of an investigation indicate that prohibited conduct occurred, the School shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the conduct.

The School may take action based on the results of an investigation, even if the conduct did not rise to the level of prohibited or unlawful conduct.

Confidentiality

To the greatest extent possible, the School shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation and comply with applicable law.

Appeal

A student or parent who is dissatisfied with the outcome of the investigation may appeal through the grievance process beginning at Level Two. A student or parent shall be informed of his or her right to file a complaint with the United States Department of Education Office for Civil Rights.

Records Retention

Retention of records shall be in accordance with the applicable schedule published by the Texas State Library and Archives Commission.

Access to Policy

Information regarding this policy shall be distributed annually to School employees and included in the Student and Parent Handbook. Copies of the policy shall be readily available at each campus and the School's administrative offices.

Student & Parent Complaints & Grievances

Informal Process

The Board of Directors encourages students and parents to discuss their concerns and complaints through informal conferences with the appropriate teacher, principal, or other campus administrator. Concerns should be expressed as soon as possible to allow early resolution at the lowest possible administrative level.

A parent or student may request an informal conference with the Principal within five (5) school business days of the time the parent or student knew or should have known of the event(s) giving rise to the complaint. The grievance form can be obtained from the school's main office.

Formal Process

If an informal conference regarding a complaint fails to reach the outcome requested by the student or parent, the student or parent may initiate the formal process described below by timely filing a written complaint.

Even after initiating the formal complaint process, students and parents are encouraged to seek informal resolution of their concerns. A student or parent whose concerns are resolved may withdraw a formal complaint at any time.

The process described in this policy shall not be construed to create new or additional rights beyond those granted by law or Board policy, nor to require a full evidentiary hearing or "mini-trial" at any level.

Freedom from Retaliation

Neither the Board nor any Texas Center for Arts + Academics (the "Organization") employee shall unlawfully retaliate against any student or parent for bringing a concern or complaint.

Notice to Parents and Students

The President/CEO or designee may develop more detailed grievance procedures. The President | CEO or designee shall ensure that all students and parents are informed of the Organization's grievance procedures.

Complaints

In this policy, the terms "complaint" and "grievance" shall have the same meaning. This policy shall apply to all student and parent complaints, except as provided below.

Exceptions

This policy shall not apply to:

1. Complaints concerning loss of credit on the basis of attendance;
2. Complaints concerning expulsion;
3. Complaints concerning identification, evaluation, or educational placement of a student with a disability within the scope of Section 504;

School administrators addressing parent and student complaints are expected to resolve such complaints at the lowest possible level.

Student and/or parent complaints shall be submitted in writing. Copies of documents that support the complaint shall be attached to the complaint form or presented at the Level One conference. After the Level One conference, no new documents may be submitted unless their existence was unknown to the complainant before the Level One conference. A complaint that is incomplete may be dismissed.

For purposes of this policy, “days” shall mean school business days and announcement of a decision in the student’s or parent’s presence shall constitute communication of the decision. If an administrator determines that additional time is needed to complete a thorough investigation of the complaint and/or issue a decision, the administrator shall inform the complainant in writing of the necessity to extend the time for investigating or responding and a specific date by when the decision will be issued.

Level One – Principal Review of Complaint

The student or parent shall request in writing a conference with the Principal or designee within sixty (60) school business days of the time the parent or student knew or should have known of the event(s) giving rise to the complaint. The Principal or designee shall serve as the Level One Grievance Officer and will schedule a conference with the parent or student within ten (10) school days of receipt of the written complaint to consider the grievance. The appeal must be specific, reference the law or policy alleged to

have been violated, or the dissatisfaction raised by the student or parent and requested remedies. Additionally, the student or parent shall submit any evidence supporting the complaint, and the date and results of the conference with the Level One Grievance Officer.

The Executive Director of Admissions or designee shall serve as the Level Two Grievance Officer and will schedule a conference with the parent or student within ten days of receipt of the Level Two appeal. The Level Two Grievance Officer shall have twenty (20) school days following the conference to issue a decision.

Level Three – Superintendent Review of Complaint

If the student or parent is not satisfied with the Level Two decision, or if no decision is provided within the time allotted, the student or parent may request in writing a conference with the Superintendent within twenty (20) school days of the Level Two decision or the response deadline if no decision is made. The appeal must be specific, reference the law or policy alleged to have been violated, or the dissatisfaction raised by the student or parent and requested remedies. Additionally, the student or parent shall submit any evidence supporting the complaint, and the date and results of the conference with the Level Two Grievance Officer.

The Superintendent or designee shall serve as the Level Three Grievance Officer, and will schedule a conference with the parent or student within ten days of receipt of the Level Two appeal. The request must be filed within twenty (20) days of the Level Three decision or the response deadline if no decision is made. The appeal request shall be directed to the President of the Board of Directors, and the Superintendent or designee shall deliver the complaint to the Board. The appeal request must include a copy of the written complaint to the Level Three Grievance Officer, with his or her response.

The School shall place the matter on the agenda of a future Board meeting, not later than 60 days after the day on which the previous decision on the grievance was made. The Superintendent or designee shall inform the student or parent of the date, time, and place of the meeting.

The Board shall hear the student or parent complaint and may set a reasonable time limit for presenting the complaint. Only written documentation and issues previously submitted and presented by the student or parent and the Organization will be considered. An audiotape recording of the hearing shall be made.

The Board shall communicate its decision, if any, orally or in writing within thirty (30) days of the board meeting to hear the grievance. If no decision is made by the end of the next regularly scheduled Board meeting, the last decision below shall be upheld. The Board may delegate the authority to hear and decide a grievance to a committee of at least three members composed of only members of the board of trustees. Any decision made by the Board is final and may not be appealed, aside from an appeal to the Commissioner of Education under Texas Education Code §7.057.

If the complaint involves concerns or charges regarding a student or School employee, it shall be heard by the Board in closed meeting unless the employee and/or student against whom complaints have been made requests that it be heard in public.

Application of the Code

Fort Worth Academy of Fine Arts has adopted this Student Code of Conduct (the “Code”) in accordance with Texas Education Code §12.131, in order to clearly communicate standards for expected student conduct, the disciplinary consequences which may be applied to students who violate those standards, and the applicable procedures for the implementation of disciplinary consequences. All students must comply with the Code. Definitions of words and phrases used throughout this Code are provided at the end of the Code.

Parents and students are encouraged to contact campus administration with any questions or concerns regarding the requirements and provisions of the Code. Parents and students are expected to review and be familiar with the provisions of the Code. Lack of knowledge or awareness about any School rules, including this Code, will not excuse violations of the Code. Parents and students will be required to sign a statement acknowledging receipt and understanding of the Code. A copy of this Code is available on the Resources page at www.artsacademics.org or at the school office.

The School has the authority to create and enforce rules related to student conduct and behavior while on school property, traveling to or in attendance at a school-sponsored or school-related event or activity, whether on or off campus. The School has the authority to issue disciplinary consequences for certain other student conduct that relates to, affects, or shares a nexus with the School, its students, or its employees regardless of when or where the conduct occurs. The School may also issue discipline based on a student’s use of electronic media, whether on or off campus.

Other School rules, codes, or policies may apply to a student’s misconduct, and may result in multiple disciplinary consequences issued for the same conduct.

If a student who would otherwise be ineligible for admission to the School provides false information on an admissions application or other enrollment document and as a result of the false information is admitted to the School, the student shall be immediately withdrawn from enrollment from the School upon discovery of the falsification. Falsification of information for the purpose of gaining enrollment in a public school is a criminal offense under the Texas Penal Code §37.10. The School may elect to report the falsification to law enforcement or take any other action permitted by law.

Expectations for Student Conduct

The mission of Fort Worth Academy of Fine Arts is to inspire in artistically talented students a lifelong passion for learning and empowering them to achieve academic and artistic excellence. To achieve that mission, the School must be an environment safe, secure, and free from disruption. Students are

expected to demonstrate behavior appropriate to the School's learning environment, to treat other students, School personnel, and visitors to the School with respect.

- Behave in a responsible and respectful manner;
- Demonstrate courtesy and respect for others, especially other students and School personnel;
- Attend classes and required School activities and events regularly and on time;
- Prepare for each class and complete assignments on time;
- Respect the rights and privileges of other students and school personnel in person and online;
- Respect and care for School property and facilities;
- Turn off cell phones or other electronic media during school hours (7:30am – 4:00pm), and otherwise follow policies related to use of technology;
- Cooperate with School personnel in maintaining safety, order and discipline;
- Dress appropriately in accordance with the School's dress code;
- Review and comply with the Student Handbook and other School and campus rules;
- Obey classroom rules and classroom expectations for behavior;
- Abide by the Agreements of Tribes Learning Communities;
- Refrain from verbal or written acts of bullying whether in person or online;
- Avoid violations of this Code.

Students are expected to comply with the school's technology and electronic media use policies and procedures. Students are expected to demonstrate the same behavior online, or while using electronic media, as expected in the classroom, on school property, or at school-related events. Sending, posting, or possessing electronic messages that are disrespectful, disruptive, abusive, obscene, illegal, threatening, harassing or damaging to another person disrupts the learning environment and will not be tolerated.

Parent cooperation is essential to achieving the School's mission and ensuring that students learn in a safe, secure and positive environment. Parental involvement and cooperation is vital in the discipline process. Parents should understand and follow the Code while on campus or at school-related events, ensure that his or her child understands and seeks to comply with this Code, and assist the school in counseling students regarding appropriate behavior.

Because of the significant variations in student conduct, it is not always possible for the Code to address each and every act of student misbehavior. To that end, the District retains discretion to address student misconduct that is inconsistent with these standards, even though the conduct may not be specifically listed in the Code.

Threat Assessment and Safe and Supportive School Team

The District will also establish a "threat assessment and safe and supportive school team" to serve at each campus of the district and will adopt policies and procedures for the teams. The team is responsible for developing and implementing the safe and supportive school program, as well as conducting threat assessments. These will include assessing and reporting individuals who make

threats of violence or exhibit harmful, threatening, or violent behavior, gathering and analyzing data to determine the level of risk and appropriate intervention (including referring a student for mental health assessment and implementing an escalation procedure, if appropriate based on the team's assessment), and providing guidance to students and school employees on recognizing harmful, threatening, or violent behavior that may pose a threat to the community, school, or individual.

Before a team may conduct a threat assessment of a student, the team must notify the parent of or person standing in parental relation to the student of the assessment. In conducting the assessment, the team shall provide an opportunity for the parent or person to: (1) participate in the assessment, either in person or remotely; and (2) submit to the team information regarding the student. After completing a threat assessment of a student, the team shall provide to the parent of or person standing in parental relation to the student the team's findings and conclusions regarding the student.

To the greatest extent possible, the School shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

Appeal

A student or parent who is dissatisfied with the outcome of the investigation may appeal through the grievance process beginning at Level Two.

Determining Appropriate Discipline

Depending on the nature and severity of the offense, disciplinary measures may be issued by the student's classroom teacher, campus administrator, or administrator's designee, in accordance with this Code. In order to make a determination of misconduct and/or issue disciplinary consequences under this Code, the authorized School employee must have a reasonable belief that the student engaged in the suspected conduct. The employee's conclusion may be based on any relevant evidence including, but not limited to, observation, other personal knowledge, verbal or written witness statements, other forms of documentation, or information received from law enforcement.

In response to certain behaviors and incidents, the school may choose to address student behavior through Restorative Practices / Restorative Discipline.

In reaching a decision regarding a student discipline matter, the School may consider the specific facts and circumstances of the situation, including but not limited to:

- the student's intent;
- the student's age and grade level;
- the student's past disciplinary history;
- whether the student's conduct may have been the manifestation of a disability;
- the extent of the student's cooperation during the investigation of the matter;
- the nature and severity of the alleged conduct;
- whether the student has previously engaged in similar conduct;
- whether self-defense was involved;
- the student's remorsefulness for the conduct;
- the severity of the effect or harm of the conduct on other persons or property; and/or
- the frequency of the conduct.

The School may issue disciplinary measures based on a determination that a student has engaged in conduct which meets the elements of a criminal offense. The School has the authority to make such a determination without regard for whether the student is arrested, charged, or otherwise processed by the criminal justice system for the criminal offense. The School may consider information received from law enforcement or other entities within the criminal justice system in issuing discipline under this Code.

Actions will not be based on a student's race, ethnicity, national origin, gender, sex, religion, disability, or any other unlawful consideration.

Investigation of Discipline Issues

In order to determine whether a violation of the Code has occurred, campus administrators or other authorized individuals may conduct an investigation. An investigation of student misconduct may involve, but is not limited to, interviews of other students, employees, and adults; review of school surveillance footage; review of relevant documents; review of information on School-owned computers; verification of tips received from other individuals; the gathering of physical evidence; or contact of or cooperation with law enforcement agencies and officials. Law enforcement may be contacted and informed of student conduct which may constitute a criminal offense.

Students should have no expectation of privacy with respect to School-owned property. Lockers, desks, and other items provided for student use remain School property, and students do not have a reasonable expectation of privacy in School property or in personal items placed inside School property. School administrators or other authorized personnel may monitor and search student desks and lockers for any reason. School officials may search any School property, including School property that is within a student's possession or otherwise being used by a student, at any time, with or without notice to the student and without consent. School officials may confiscate any items found during a search, including prohibited items, dangerous items, or other items that violate School policy.

A student's person or property may be searched by authorized school officials if the official has a reasonable belief that the search will result in the discovery of evidence of a violation of the Code or of the law. Any personal property which is brought onto school property or to a school-sponsored or school-related activity or event, on or off school property, may be subject to search (*e.g.*, student cell phone, backpack, personal computer, purse, car, etc.).

Discipline of Students with Special Needs

Students eligible for services under the Individuals with Disabilities in Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973 (Section 504) are subject to discipline under those laws and in accordance with the provisions of this Code.

The School may take disciplinary action pertaining to the use or possession of illegal drugs or alcohol against any student with a disability under Section 504 who is currently engaging in the illegal use of drugs or in the use of alcohol to the same extent that the School would take disciplinary action against nondisabled students. The due process procedures afforded under Section 504 do not apply to disciplinary action for the use or possession of illegal drugs or alcohol. However, a student who is eligible for special education under the IDEA shall have a Manifestation Determination Review (MDR) conducted to address any use or possession of illegal drugs or alcohol if such conduct could result in a change of placement.

Any disciplinary action that would constitute a “change in the placement” of a student receiving special education services may be taken only after the student’s Admission, Review, and Dismissal (ARD) committee conducts a Manifestation Determination Review (MDR) in order to determine whether the student’s conduct was a manifestation of his or her disability.

A change in placement occurs if a student is:

- Removed from the student’s current educational placement for more than ten (10) consecutive school days; or
- Subjected to a series of removals that constitute a pattern because:
 - The series of removals total more than ten school days in a school year;
 - The student’s behavior is substantially similar to the student’s behavior in the previous incidents that resulted in the series of removals; and
 - Additional factors exist, such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another.

The School will determine, on a case-by-case basis, whether a pattern of removals constitutes a change in placement.

A student who has not been determined eligible for special education services and who has engaged in behavior that violates the Code is entitled to the protections under the IDEA regarding discipline of a student with special needs described above if the school has knowledge that the student was a student with a disability before the behavior that precipitated the disciplinary action occurred. If the school does not have knowledge that a student is a student with a disability prior to taking disciplinary action, the student may be subject to the disciplinary actions applied to students without disabilities. If a request is made for an evaluation of a student during the time period in which the student is subjected to disciplinary action, the evaluation shall be conducted in an expedited manner.

Types of Disciplinary Measures

Administrators and staff employ a variety of strategies focusing on teaching and encouraging appropriate behavior. These strategies may include:

- Affective Statements;
- Affective Questions;
- Restorative Chat;
- Problem-Solving Circle;
- Circle of Support and Accountability;
- Family Group Conference / Circle;
- Parent conference;
- Verbal correction;
- Counseling;

- Conference with teacher or administrator;
- Education/training;
- Improvement plan;
- Community service;
- School-related assigned tasks or duties;
- Loss or restriction of privileges (*e.g.*, eligibility to hold special positions, exemption from exams, etc.);
- Consequences related to student participation in extracurricular activities, including removal, suspension, or restriction of participation;
- Removal from class to campus office;
- Confiscation of items;
- Detention;
- In-School Suspension;
- Saturday School;
- Other alternative placement;
- Out-of-School Suspension;
- Expulsion.

One or more of these disciplinary consequences may be issued to a student found to have violated the Code. If the Code does not specify the appropriate disciplinary consequence for a particular type of student conduct, the School may issue whatever disciplinary consequence is deemed reasonable and appropriate, with the exception of expulsion. A teacher may have additional rules and consequences for student conduct in the classroom which may result in discipline under this Code or may be enforced in addition to any discipline issued under this Code.

Withdrawal from school after a student has been accused of a violation of the Code does not prevent the District from investigating the alleged violation and, if it is determined that a violation did occur, assessing the appropriate disciplinary consequence and enforcing that consequence should the student re-enroll in the district.

If a student withdraws from the School before completing assigned In-School Suspension, Out-of-School Suspension, or Expulsion, the School shall send documentation of the discipline to the next school that enrolls the student. If a student withdraws from the School before the expulsion process is completed, the School may choose to complete the expulsion process and send documentation of the expulsion decision to the next school that enrolls the student. If the student returns to enroll in the School at a later date and has not been required to complete the disciplinary consequences previously required, the School may require the student to complete the discipline upon return.

The Code shall be applied and enforced consistently and equitably among students, with the understanding that every disciplinary situation will differ and decisions will be made based on the individual facts and circumstances of a given situation.

Removal from the Classroom by Teacher

Ordinary Teacher Removal

A teacher may send a student to the campus behavior coordinator's office to maintain discipline in the classroom or when the student engages in behavior that violates the Student Code of Conduct. These informal removals do not require documentation of repeated interference.

In cases of ordinary removal, the campus behavior coordinator will implement one or more discipline management techniques to address and improve the student's behavior before returning the student to the classroom. If the student's behavior does not improve, additional progressive interventions may be employed in accordance with campus policy.

Formal Teacher Removal (TEC §37.002)

A teacher may initiate a formal removal from class when:

- A student's behavior repeatedly interferes with the teacher's ability to teach or the learning of others, or
- The student's behavior is unruly, disruptive, or abusive toward the teacher, another adult, or another student; or
- The student's behavior constitutes bullying as defined by Section 37.0832.

A teacher may document and submit any student behavior that violates the Student Code of Conduct. A teacher **must remove** a student if the student engages in conduct that requires mandatory removal under Chapter 37 of the Texas Education Code.

Certain behaviors require mandatory Disciplinary Alternative Education Program (DAEP) placement under TEC Chapter 37. Since Fort Worth Academy of Fine Arts does not operate a DAEP, such cases will result in an expulsion, and the student's home campus or enrolling district will be contacted to coordinate further placement.

Placement Review Committee (TEC §37.003)

The Placement Review Committee (PRC) determines whether a student who has been formally removed may return to the teacher's classroom.

The committee consists of:

- Two teachers selected by the campus faculty
- One staff member selected by the campus behavior coordinator

- One alternate teacher designated by the faculty

The teacher who removed the student may not serve on the committee reviewing that case.

In cases involving assault or sexual misconduct directed toward a teacher, the student may not be returned to that teacher's class without the teacher's consent. The teacher may not be coerced to give consent.

For students receiving special education services, any change in placement must be determined by the student's ARD committee.

Placement Options During Removal

When a student is formally removed, the administrator may assign the student to:

1. Another appropriate classroom
2. In-school suspension (ISS)
3. Out-of-school suspension (OSS)
4. Another appropriate disciplinary setting, as determined by the severity of the behavior and in alignment with school policy and Texas Education Code.

Procedures for Formal Teacher Removal

No later than three school days after the formal removal, an administrator will schedule a review conference with the PRC.

Before the conference the student will be informed of the reason for removal and provided an opportunity to respond. After the conference, the PRC will make a final decision regarding the student's placement

A student sent to the administrator's office is not considered formally removed unless the placement results in in-school suspension, out-of-school suspension, or expulsion.

Return to the Classroom

If the behavior involved serious misconduct (e.g., assault against a teacher), the student may not return to the teacher's class without the teacher's written consent. For all other formal removals, the Placement Review Committee will determine whether the student may return to the classroom or be placed elsewhere.

Detention / In-School Suspension

A student may be assigned to one or more sessions of Detention or placed in In-School Suspension for engaging in prohibited conduct under this Code. The student's parent or guardian will be notified of the student's conduct and assignment to Detention or In-School Suspension. Detention will be held outside of the instructional day. In-School Suspension will require the student to report to a designated alternative space on campus for all or part of one or more school days. While in In-School Suspension, the student will be provided the appropriate class assignments and will be expected to complete those assignments as if the student were in the regular classroom. There is no limit on the duration of an assignment to In-School Suspension, though a review must occur every ten (10) days.

During a period of suspension, the suspended student may not enter onto school property or participate in or attend school-sponsored or school-related events or activities.

Out-Of-School Suspension

A student may be suspended for one or more school days for engaging in prohibited conduct under this Code. The student's parent or guardian will be notified of the student's conduct and the length of the period of Suspension. A student may not be suspended for more than three (3) consecutive school days. During a period of suspension, the suspended student may not enter onto school property or participate in or attend school-sponsored or school-related events or activities. The student's teachers will provide assignments that the student will be expected to complete during the period of suspension. Student assignments or other class work completed during a period of suspension will be accepted for grading.

Reasons for Expulsion

A student **may** be expelled from the School if he or she is found to have committed any of the acts listed below.

1. **Weapons.** The student used, exhibited, or possessed any of the following while on school property or while attending a school-sponsored or school-related activity on or off school property:
 - a. A firearm;
 - b. A location-restricted knife;
 - c. A club; or
 - d. A prohibited weapon.
2. **Violent Conduct.** The student engaged in conduct that contains the elements of the following offenses within the Texas Penal Code, regardless of location:
 - a. Aggravated assault, sexual assault, aggravated sexual assault, arson, murder, capital murder, criminal attempt to commit murder or capital murder, indecency with a child,

- aggravated kidnapping, aggravated robbery, manslaughter, criminally negligent homicide, or continuous sexual abuse of a child or children;
 - b. Assault against another student, an employee, or a volunteer of the School;
 - c. Deadly conduct; or

3. **Disruptions.** The student engaged in conduct that contains the elements of the following offenses within the Texas Penal Code, regardless of location:
- a. False alarm or report or terroristic threat involving a public school;
 - b. An offense related to an abusable volatile chemical;

Breach of computer security if the conduct involves accessing a computer network, or computer system owned by or operated on behalf of a public school and the student knowingly alters, damages, or deletes school property or information or commits a breach of any other computer, computer network, or computer system;
 - d. Criminal mischief if the conduct is punishable as a felony; or
 - e. Public lewdness or indecent exposure.
4. **Drugs and Alcohol.** The student engaged in conduct that contains the elements of the following offenses within the Texas Penal Code:
- a. On school property, at school-sponsored or school-related event, or within 300 feet of school property:
 - i. Sells, gives, or delivers to another person or possesses, uses, or is under the influence of any amount of marijuana, dangerous drug, or alcoholic beverage.
 - b. Regardless of location:
 - i. Sells, gives, delivers to another person or possesses or uses or is under the influence of marijuana or a dangerous drug, as defined by the Health and Safety Code, if the conduct is punishable as a felony.
 - ii. Sells, gives, or delivers to another person an alcoholic beverage, as defined by the Alcoholic Beverage Code, commits a serious act or offense while under the influence of alcohol, or possesses, uses, or is under the influence of an alcoholic beverage, and the conduct is punishable as a felony.

- a. Engages in conduct that constitutes a felony;
 - b. Commits an assault;

Note on Mandatory DAEP Violations:

Certain student offenses fall under *mandatory Disciplinary Alternative Education Program (DAEP) placement* as outlined in the Texas Education Code, Chapter 37. As Fort Worth Academy of Fine Arts does not operate a DAEP, students who commit violations that legally require DAEP placement will instead be subject to an expulsion, consistent with TEC guidelines and district policy.

Expulsion Process

If the school administrator or administrator's designee determines that the student's conduct warrants expulsion, the administrator shall provide written notice to the parent/guardian of the proposed Expulsion of the student. The written notice shall also include the reason(s) for the proposed expulsion and the date, time, location, and procedure for the expulsion hearing. The student is entitled to a hearing with the campus administrator or the administrator's designee during which the student and/or the student's representative (*e.g.*, parent, guardian, attorney, other) will have the opportunity to review and present evidence and information. The campus administrator may place reasonable restrictions on the conduct of the hearing, including the length of the presentations. At the end of the hearing, the campus administrator may issue a decision immediately or may wait until a later date to communicate a decision. The administrator shall send written communication of the decision to the parent/guardian. If the administrator determines that expulsion is appropriate, the written decision ("Expulsion Order") shall include the length of the term of expulsion.

The parent, guardian, or adult student may choose to **voluntarily** waive the right to an expulsion hearing by signing a hearing waiver form provided with the notice of proposed expulsion. If the hearing is waived, the administrator will review the relevant evidence and issue a written decision to the parent as described above.

The School will notify the independent school district in which the student resides of the student's expulsion within three (3) business days of the Expulsion Order.

Terms of Expulsion

The period of expulsion may be determined by many factors, including the severity of the conduct and the existence of a continuing risk of harm to other students and employees if the student were allowed to return. An expulsion may be temporary or permanent. A temporary expulsion may range from one (1) calendar year. In considering the length of the student's expulsion, the school will consider, among other factors, the nature of the violation that leads to the expulsion and the circumstances justifying the expulsion. A permanent expulsion allows the School to deny future admission to the student based on consideration of the student's past disciplinary history. In each instance, the Expulsion Order must explain the circumstances which justify the length of the expulsion.

Permanent Expulsion

A student expelled permanently from the School is not eligible for readmission to the school at any time.

Temporary Expulsion

A student expelled temporarily from the School is eligible to apply for readmission to the School upon expiration of the expulsion period. However, the student will need to reapply to the School in accordance with the School's admission policies and timelines. A formerly expelled student who applies for readmission to the School during the school year will be added at the end of the waiting list for the grade level sought based on the date the application was received.

During a period of expulsion, the student is prohibited from entering onto any School property and attending any School-sponsored or School-related events. Failure to comply with this prohibition will result in the filing of criminal trespass charges against the student. Except as otherwise required by law, students will not receive educational services or receive course credits during a period of expulsion.

Virtual Expulsion Process

A principal or other appropriate administrator may place a student who has been expelled under Texas Education Code §37.007 or §37.0081 in a virtual expulsion program established by the School and provide virtual instructional materials for remote learning to the student if the school is located in a county that operates a juvenile justice alternative education program or the school and the juvenile justice alternative education program rejects admission of the student or returns the student before the expiration of the discipline assignment.

Discipline Appeal Process

With the exception of expulsions, student discipline decisions at the campus level are final and not appealable. A parent, legal guardian, or adult student may appeal an expulsion decision by filing a written appeal with the Executive Director of Admissions within five (5) business days of the date of the Expulsion Order. The Executive Director of Admissions or their designee will review the record of the expulsion proceedings at the campus level, along with any other relevant information, and will issue a written decision to the appealing party within ten (10) business days of receiving the request for review.

If the appealing party is not satisfied with the decision of the Executive Director of Admissions or their designee, he or she may appeal that decision to the Superintendent by filing a request for review with the Superintendent's office within five (5) business days of the date of the decision. If the appealing party is not satisfied with the decision of the Superintendent, he or she may appeal that decision to the Board of Directors by filing a request for review with the Superintendent's office within five (5) business days of the date of the decision. The Superintendent shall notify the President of the Board and arrange for the Board of Directors to hear the complaints of the appealing party at the next available board meeting. The Superintendent shall notify the appealing party of the location, date,

and time of the hearing in front of the Board of Directors. The decision of the governing body is final and may not be appealed. An expulsion action will not be delayed during the appeal process.

Appendix A – Levels I, II, and III Examples

DISCLAIMER: These examples are given in an effort to demonstrate the severity of various prohibited conduct under this Code. They are not intended to be prescriptive, exhaustive, or to constrain the School's ability to create an environment safe, secure and free from disruption. The School reserves the right to address each incident as described in this Code. Consistent similar infractions may provide cause for escalated discipline measures. While behaviors are categorized into Level I, II, and III offenses based on general severity, any offense may be escalated to a higher level depending on the frequency, context, intent, or impact of the behavior. Final decisions regarding classification and consequences will be made at the discretion of school administration.

The following Level I, II, and III behaviors are prohibited at all school and school related activities.

Level I Examples -Primarily handled by the teacher or staff with minimal administrative intervention. These are low-level misbehaviors that are disruptive but not dangerous or malicious. Repeated or chronic violations, or circumstances in which the behavior escalates in severity or impact, may result in the behavior being reclassified as a **Level II or Level III offense** and subject to more serious disciplinary consequences.

Examples include, but are not limited to:

- Inappropriate language
- Being in an unauthorized area
- Cheating (first offense)
- Not being prepared for class
- Tardiness
- Disobeying classroom rules established by the classroom teacher
- Talking too loudly in the classroom, cafeteria or in the hallways
- Violating dress and grooming standards

- Engaging in any conduct that disrupts the teacher's ability to continue classroom instruction or that disrupts the school environment (first offense)
- Throwing objects that disrupt the classroom environment or that can cause bodily injury or property damage
- Engaging in minor offenses of the school's policy on Computer and Internet Use
- Violating safety rules of the school
- Public displays of affection (hugging, kissing, etc.)

Level II Examples, -Moderate behaviors that may be persistent, harmful to the learning environment, or involve safety risks. Level II offenses require administrative intervention and may result in a range of disciplinary actions, including but not limited to: loss of privileges, behavior contracts, parent conferences, detention, or in-school suspension. If the behavior is persistent, significantly disruptive, harmful, or involves intentional defiance, it may be escalated to a Level III offense.

Examples include, but are not limited to:

- Consistent similar infractions from Level I
- Leaving the classroom during instructional time without the teacher's permission
